

SYNTHETIC TEST RESUME - NOT A REAL PERSON

Candidate: Electrical Journeyman

Location: Sault Ste. Marie, Ontario

Target role: Electrical Journeyman

Work preference: Full-time, available for overtime, travel, remote locations, and on-call rotation

SUMMARY

Licensed 309A electrician with 8 years of industrial and commercial electrical experience. Skilled in reading blueprints, circuit diagrams, schematics, electrical code specifications, installing and repairing control panels, troubleshooting motors and switchgear, testing circuits, and completing preventive maintenance in industrial environments.

WORK HISTORY

Electrical Journeyman

North Shore Industrial Electrical, Sault Ste. Marie, ON

2020 to present

- Install, maintain, troubleshoot, and repair industrial electrical systems, conveyor controls, motors, lighting, switchgear, transformers, panelboards, and distribution equipment.
- Read and interpret drawings, circuit diagrams, blueprints, schematics, and electrical code specifications.
- Pull wire through conduit, install brackets and hangers, splice and connect wiring, and test circuits for continuity, current, voltage, and resistance.
- Troubleshoot faults in electrical and electronic systems and replace faulty components.
- Maintain and repair motor controls, starters, relays, circuit breakers, regulators, switchboard meters, and industrial storage battery systems.
- Complete preventive maintenance records and communicate repair status to supervisors and clients.
- Work safely in remote and industrial environments with minimal supervision.

Construction Electrician

Algoma Commercial Contractors, Sault Ste. Marie, ON

2016 to 2020

- Installed lighting fixtures, receptacles, switch boxes, conduits, feeders, fibre-optic cable assemblies, coaxial cable assemblies, and communication equipment.
- Connected power to audio, visual, signaling, heating, and cooling equipment.
- Supported service calls, shutdown work, overtime coverage, and irregular-hour jobs.

CERTIFICATIONS

- 309A Construction and Maintenance Electrician Certificate of Qualification
- Valid Ontario driver's licence
- WHMIS 2015
- Working at Heights
- First Aid and CPR
- Lockout/tagout training
